Dear Mr. Heard:

I would like to thank you for the excellent work your organization has done on my current project, Corporate Center VI. I would also like to commend your Superintendent, Jason McCormick for his professionalism, positive attitude, attention to detail and quality. He beat the pour schedule, which allowed other trades an early start. This is the second time I have had Jason supervise one of my jobs, I look forward to more!

Sincerely,

Tom Jackson
Superintendent, Hourigan Construction Corp.
